Projet Montreal

Luc Rabouin

Public Transportation [4]

- Offer discounted transit fares for low-income users
- People earning \$30,000 or less would pay student rates (about \$62.75/month)
- Develop a more efficient public transport network with high-performance buses that serve all neighbourhoods
- add 1,000 BIXI stations to Montreal

Housing [6]

- Replace the Règlement pour une métropole mixte (RMM) with a clearer, more predictable by-law that enables more housing insulated from speculation while guaranteeing transparent, fast processes.
- \$1 billion for permanently affordable housing
- Create a \$100 M municipal fund as a bank guarantee to help non-profits complete financing
- Limit short-term tourist rentals to summer
- Restrict Airbnb-style renting to the summer
- Implement a tax on unoccupied dwellings to encourage bringing them to market and increasing available rental supply

Night Life [0]

Roads & Traffic [1]

- Better coordination of construction sites to reduce delays, shorten durations and avoid cost overruns

Food [1]

- Better coordination of construction sites to reduce delays, shorten durations and avoid cost overruns
